CONDITIONS:

Catalog Description - The coin description listed, represents the independent opinion of Victor England. Every effort has been made to insure accuracy. Grading is a subjective art. The grading is considered to be conservative.

The coins offered for sale in this catalog are at **Fixed Price** only. These prices are net during the month on the cover of this catalog. **Buyer Offer Prices** will be considered on the first Tuesday morning of the month following this list. **Buyer Offers** should be made in writing on the order form in the correct space.

Please note that **Buyer Offers** are not accepted on books or coins which appear in the "IBC" column.

Postage & Handling - Postage is added to all orders in the following manner. Orders under \$200.00 add \$3.00. Orders from \$200 - \$500 add \$5.00. Orders over \$500.00 are sent postpaid. Accepted **Buyer Offer** orders are billed \$3.00 for under \$200, \$5.00 for over \$200.00.

Ordering - A phone call is the best method of ordering a coin you really want. Coins are gladly sent on open invoice to known customers. **Payments** can be made by check, money order or by charging your purchase on Visa or M/C. If you are charging your purchase send all raised information as well as your phone number. If you are buying coins by an offer price a 4% charge will be levied if you use your credit card.

All coins in the main part of the catalog are photographed for your consideration. Coins listed in the "IBC" column are not photographed. Unfortunately, to keep the price down we can't afford to photograph these items. People who order from this column will be very happy. Bargains abound for those who are brave and like inexpensive coins.

Good Luck and Good Hunting !!!!

COMMENTARY:

The **New York International** has come and gone for another year. Still the best show of the year by far. However I hope the new management does not choose to commence the show on a Saturday. For those of you who made it in on Saturday first thing, you know why. It was crowded beyond belief. Customers were heard complaining about it being too crowded. Still, it was an excellent show.

Hope everyone likes the format of the new list. Yes, now it is a fixed price list again - but really only in name. You may still enter offers for consideration. The "IBC" column should provide everyone with bargains now and again.

Our ambitious goal of conducting two auctions this year is already well in hand. Some nice material is already on hand for the first sale. For those of you who received a subscription form with this catalog, please realize that this will be the only way to receive the auction catalogs and our future publications. Unfortunately, this purge of the list was necessary. It cost me in excess of \$25.00 a year to mail to you. If you want to continue to receive these catalogs you must order one now. Subscriptions will be renewed annually. Naturally good customers will continue to receive these catalogs on a complimentary basis. For those of you who have to subscribe, try buying once in a while and you'll find that the subscription notices will cease.

For those of you who are considering selling material and are considering an auction as a method of disposal, consider using **Classical Numismatic Auctions, Ltd.** Our commission rates are competitive and our settlement times quite good. Interested give us a call at the office our drop us a line.

The IBC column will become a regular feature of all future catalogues. Grading is extremely conservative and bargains abound. As most items are one-of-a-kind please do list alternate selections. This listing will give you further opportunities to acquire coins I would not normally list with photographs. The cost would be prohibitive. Naturally we want you to be satisfied, so if you have to return the item, we will understand.
